Downsizing Companies Outsourcing Their Work to Our Team Members

Every day more companies are downsizing, moving overseas and outsourcing their positions. Because of this, many brand new opportunities has come about from outsourcing of assignments by these companies.

Thousands of companies restructuring to save money. One of the biggest savings companies are finding is outsourcing simple tasks such as data entry, clerical duties, administrative, marketing, and word processing too name a few is saving companies millions of Rands each year.

There are many large companies from all over the world that turn to companies like ours to provide them with workers, and to fill openings in these brand new work-from-home fields.

This is how we have multiple income streams available to all our members. Our members can choose the income streams that suit them best. We simplified the job methods to allow just about anyone that can type, the ability to perform these job tasks.

This was important because we knew the overwhelming demand for our members would need to allow people with no prior experience to easily be trained to do the simple job tasks that are required.

There is just too much work and not enough workers in this fields and is why we are always seeking additional team members to assist in the heavy work flow.

My Personal Income Generator SA

Income Stream 1: Global-Data-Entry Processing

Here we will list job program details which will include everything we provide from the training to the jobs.

Our featured work-from-home data-entry job is called Global Data-Entry Processing which is designed for people with No Prior Experience.

We have designed a program that allows our team members to take advantage of this fast-growing market. You may have come across just a few work-from-home websites that are offering this type of data-entry program. Most of the work-at-home data-entry websites you will see online are just costly ad typing scams that give companies like ours a bad name.

In five years you will see companies like ours popping up at every corner. We are one of the pioneers of this program, and now is the time to become a member of our team, before it is too late. This is not going to be a trend. This is the face of the new generation of work-at-home jobs.

Our program has been designed to run mostly on autopilot. It is possible to make **R400 – R1 800** per day working from the comfort of your own home.

As you will see from pay reports (*go to www.iosonline.co.za*) we list from our members earnings this is actually being done on a daily basis. By providing our members earnings reports you will see this is a genuine opportunity to earn money from home.

Once you have signed up with our team, we'll provide you with complete guidance and tutorials on exactly how to do the posting submission job tasks and to make this work for you. You will have instant access to over 40,000 + companies (and growing) that have looked to our team members to provide assistance in typing and posting data submissions over the Internet. We'll guide you in the process of enrolling with all of the companies; we assure you that you will be accepted to all of these companies and never be denied or charged additional money by these companies.

We do not charge for a list of companies or the jobs themselves. We believe as you do: that if any work-from-home job is legitimate, you should never have to pay money to companies or jobs that should be paying you. **All of the companies and jobs we provide are 100% Free.**

We give you the training tutorials, research, resources, software, support, tools, and the jobs for **free**.

If you were to go purchase all of the software we provide you to do the jobs it would total over R1200 by itself. We give you this all for free!

Additional Training and Job Programs

In addition to our main Global-Data Entry processing job, we will give you training and jobs for the following additional jobs programs as a team member:

Income Stream 2: **Traditional Online Data-Entry Clerk Virtual Office & Admin Assistant**

With our traditional Online Data-Entry Clerk job, you do projects like spreadsheets, making business literature, word processing, etc. You'll also do tasks like make fax cover sheets, company newsletters, and more. Most of the work is already designed and you simply reproduce the supplied content and send it back to the companies in the format they require.

We'll train you in every aspect of this job so you know all the needed formats and requirements by each company. If necessary, we'll teach you how to use a Word processor program (which we'll offer a download at NO additional cost if you do not have) to create these simple business literature and projects with ease. We show you how to receive and send the projects digitally through e-mail after you've completed them. We show you how simple it is to complete each assignment.

Income Stream 3: **Web Research Assistant - Data Collection/Researcher**

As a Web research assistant you'll be asked to view certain Web sites, and online programs. After you do a review you'll type your data-research reports on your overall appraisal of the companies. All of the work is done online from your home.

These basic online jobs will take an average of about 30 minutes from start to finish. Longer assignments usually mean more earning potential. A fun job that will create a nice income.

Income Stream 4: **Transcription Data Entry - General Audio Transcriber**

You'll be doing general audio transcription which is basically listening to tapes, digital recordings, CDs, video, etc. then typing what you hear into a text format. You'll get assignments to convert speeches, focus group discussions, presentations, meetings and more.

This job program is only for general basic audio transcription; you don't need any prior medical, legal or coding experience to do these jobs. We give you all the software and tools that are needed to do work-from-home transcribing.

Income Stream 5: **Business Evaluator - Certified Field Product Auditor**

You'll be working as a field auditor surveying companies, products, and services. You'll log into your account and decide which audits you would like to do, based on the pay or your interest. After you decide which audits you would like to do, you'll travel to the business to conduct your audit.

One of the first things we'll do is get you certified as a field auditor. This is done online and of course with no additional costs. We'll then show you what's expected on the reports you will be turning in, which all is done by computer fax or e-mail.

Income Stream 6: **Proof-reader - Online and Off-line**

Web proof-readers with our program don't need prior experience. However, you should have a good understanding of your language and grammar. Based on that, this job may not be for everyone. You'll explore current websites and look for any mistakes, then contact the owner with an estimate on what you'd charge to correct the mistakes.

There are several million websites in many languages, which opens up an endless amount of work. We show you how to get some of this work on the Internet that you can do from your home.

Microsoft Office 2012 FREE alternative software INCLUDED!!!

Income Stream 7, 8, 9 & 10: **Content Article Typing Programs (4 Programs) - Content Article Typist**

Data content providers are the fastest growing jobs on the Internet. Also one of the highest paid online jobs. The reason is that there is a constant need for fresh content for millions of websites. You'll be creating very short articles based on the particular company's content or niche keyword phrases.

Many articles are as simple as copying a company's current content and changing it around. This is usually preferred by the company as well. We'll give separate training for this lucrative program. With our program we will teach you how to create 3 to 5 word articles in as little as 10 minutes. These articles can make R25 to R50 per article. If you do the math it works out to be R350 – up to R1500 per hour. The best part of this program is that the demand is much greater than the supply, and you are the supplier. This program was designed for the person who has never written an article in their life. With our training and guidance anyone can be making at least R350 per hour with this job.

BONUS: MPIG SA Representative - NO COMPUTER NEEDED

As a member you will have the option to work directly for us. Your job will be to represent our company and its products by marketing campaigns and promotions. You DO NOT need a computer!!

You will earn commission and an **ADVANCE payment of R4000pm** if you become an active MPIG SA Representative. Everything you need to make a success of this opportunity will be supplied at no extra charge.

YES, You Get **ALL** of These Work-From-Home Jobs and Training as a Team Member!

And we are always adding more jobs!

You can do one of the jobs we provide, or do them ALL, the choice is yours!

With all of the jobs we provide you'll be considered an independent contractor; therefore, your taxes will not be deducted from your pay check; this will be your responsibility. We will assist you in how to take all the benefits from working from home doing these jobs, and get you set up for this process.

You will never be asked to do anything illegal or against your ethics and beliefs. You never deal in sending spam or anything in that regards. Once we get you signed up, you can start working immediately to start earning an income that will keep growing dependent upon how much time and effort you would like to contribute.

WE PROVIDE COMPLETE EASY-TO-FOLLOW TEXT AND VIDEO TUTORIALS IN ALL OF OUR JOB TRAINING PROGRAMS!

Team Members' Support in AFRIKAANS & ENGLISH

We will not stop providing **Support UNTIL YOU SUCCEED** with achieving your personal goal.

We offer excellent professional support, if needed. We have a team of support staff to answer any questions you may have while performing your training and jobs.

As a member you will have access to dedicated **PHONE SUPPORT** and in addition to that you will have access to Help Desk Support Software 24/7.

If you need a fast response you will be able to chat to our Support Team via our **LifeChat** System. Go to www.tissa.co.za and click on 'LiveHelp'.

If you have more questions go to our **FAQ** Page and we may have an answer for you. If you can't find the answer you are looking for, feel free to contact us anytime and we will be happy to assist in your inquiry.

Program & System Requirements

For the Global-Data-Entry Processing, all that we ask of you is to type a few short lines of data text, and post to the sources we suggest. Once that is complete, hit the enter key, and you are done. YES, it is that simple.

The more data you type, the more money you can make. With this program we will teach you everything you need to know on how to do these data-entry jobs, and after you complete our online training we will have you **submitting data in 10 minutes!**

We will show you many tips to **assure your success**. We will have you sign up with a pay link account. Your earnings will be paid into this account. From there you will be able to transfer the money to your **South African bank account**.

We will give you access to over 40,000 companies dealing in categories from Business, Health, Sports, Culture, Home & Society, Family, Software, Employment and much more.

Many of these companies have downsized so they are willing to share their profits with you. We will even give you the inside scoop on which companies we are using, best to deal with, and pay the highest.

System Requirements:

You will need ANY of the following: PC, laptop, iPad, or tablet. ANY smartphone that can view websites will also work!

You will need an Internet connection (64k dial up or above, or any broadband connection); to access the training and perform the jobs on our servers through your own personal team members' account. You only need about 500MB of data per month.

One of the following operating systems:

Windows (95, 98, ME, XP, Vista, 7, or 8) either 32 or 64 bit will work. Any MAC OS X platform 2000 or newer. and OS6 for iPad.

All the data transfer and bandwidth use will be done on OUR servers. So you will not need to worry about hosting.

How to Become a Team Member and Start Working Today!

If you would like to be part of our team we would love to have you. **Just follow a few steps and you can get started instantly!**

In addition to all the job programs we offer, we will give our members additional sign-up bonuses worth hundreds of Rands. It is our way of saying thanks for becoming a team member.

Just to recap of what we will give you once a team member:

-  Eleven job programs (Income Streams) that can earn you an income working from home; you can start earning an income for any of the jobs as soon as today!
-  All the needed software - tools - resources - jobs; our software suite for posting data submissions is valued at R1129.94 by itself. We give it to you for **FREE**.
-  Online access through our dedicated secure servers with your own login username and password; you can access training and jobs **24/7**, 365 days a year.
-  Real-time interactive training and tutorials for all the jobs we provide --- with complete support as needed that is a click away. LiveChat and Phone Support in **AFRIKAANS & ENGLISH**
-  Many additional work-from-home jobs (non data entry related) to broaden your work capabilities if desired.

Members Hosting Account Access Fee

We have done our best to make this program as free as possible. In order to allow this program to be accessed online we do charge a one-time members hosting account access fee. We only charge this one-time fee because we do get charged for every team member we add by our hosting company to allow for bandwidth usage, and data transfer. We do promise once you pay this fee we will NEVER ask you to pay any additional fees what so ever.

Just to reassure you that we are not here to make money off you, take a look at just ONE of the job software programs worth R1129.94 we will give you for free as a team member! We will give you over R1200 worth of software for your jobs for **free**. That doesn't even account the additional resources, tools and the training we provide for the jobs.

If we were trying to make money off our team members we would be charging R2500 for this program and that would be a break even. We will make our money from the company you will be doing work for. They pay us for your valued skill and it is important that we are able to provide these companies with skilled workers such as yourself that can perform the jobs to the best of your ability. And if giving you a few hundred Rands worth of software for free helps your job ability, we will do that.

The Members Account Access Fee is R480 ONCE OFF.
No other fees will **EVER** be charged!

OR

**IF YOU CAN NOT AFFORD THE R480
WE WILL HELP YOU!!!**

For those who cannot afford the R480 once of you can pay your hosting fee with **a R140 once off payment and R69pm x 6 thereafter.**

FULL MONEY BACK GUARANTEE

*We are so confident in our training program that we offer you a **60 day money back guarantee**. If after a valid effort you are earning less than R2000pm in any of the Income Streams we have mentioned, we will refund your **FULL HOSTING FEE!***

We will allow you to keep all the software and tools as a way of saying thanks for being a part of our team.

Your refund request will be processed within 48 hours.

Your delivering options:

Choose **EMAIL** for delivery to receive your access link with your username and password to access the members area of **My Personal Income Generator SA** within 24 hours! All the other worksheets and information you need will be attached to your email.
